# Philadelphia Port Tour

August 7<sup>th</sup>, 2013

Join us again on a bus trip for a tour of the Philadelphia seaport facilities and the UPS hub at the Philadelphia International Airport! We will have a chance to see the marine terminals that move containers, steel, forest products, fruit and cocoa and be on-dock to see the giant cranes and container moving equipment.

We will also get an inside look at the East Coast Regional UPS air hub, which averages 43 flights every day. The 681,000 square foot technology-packed facility has the capacity to sort 80,000 packages/documents per hour.

## Agenda
